Roll Call

Committee Members present: Chairman Guranovich and Trustees Pecora and Merci.

Village Officials present: President Munao and Trustee Abbate.

Village Staff present: None

Members of the Public present: None

Minutes

Approval of the January 21st Building & Zoning Committee Meeting Minutes

A motion was made by Trustee Merci, seconded by Trustee Pecora approving the January 21st minutes.

By unanimous affirmative voice vote, the motion carried.

Agenda

1. Discussion of Village Hall expansion project.

President Munao mentioned that the soil boring tests were done, but we hadn't received the results as of yet. He also mentioned that lighting drawings were partially completed. Hanging lights were proposed by the architect between the trusses of Rose Hall, for a warmer look, similar to the Stony River restaurant. Wall sconces were recommended to match the ceiling fixtures.

Bill Rose has some large beams in storage, which could be used in conjunction with the ceiling trusses.

President Munao also mentioned that a second generator would most likely be required and that we were looking at a scratch-built holding cell configuration. We also looked at plans for the Rose Hall kitchen area.

2. Woods of South Barrington update

No update.

3. Arboretum Update

President Munao reported that Gymnastics Company is already occupying the vacated Circuit City space and has over 400 members. He mentioned the continued positive attitude demonstrated by the Woods management.

New Business – None

Old Business – None

Adjournment

At 8:03, Trustee Pecora made a motion, seconded by Trustee Merci, to adjourn. There was no discussion.

By unanimous voice vote, the motion carried.
